

Noah's Ark – Mount Ararat

JC Club Online 20th September 2020

God set a rainbow in the sky as a sign to always remind everyone of His promise.

In the Bible, we read that Noah took animals on to the ark in pairs – I wonder what animals might have been on the ark?

There are 30 animals in the wordsearch, how many can you find?

Which mountain did Noah's Ark land on?

What symbol did God place in the sky as a sign of His promise to Noah?

Can you think of any other promises of God that we read in the Bible?

Why not go and check out the full story in the bible, and give it a read for yourself? You can find it in the book of Genesis, chapter 6-9

The rainbow has become a sign of thanks to our wonderful key workers over the last few months.

A sign of hope and promise that God first placed in the sky many thousand years ago, is still being using today!

Use the space below, to draw pictures of our key workers, and write a prayer thanking God for them.
